

Nebraska Walleye Association Kids Fishing Clinics Charity, Inc.

June 4th was the Auburn Fishing is Fun! Clinic at the Auburn City Lake. The hot and humid weather was there to greet everyone but we had 39 kids, parents and volunteers to help us. We started the day off checking everyone in at 9:30am and they all enjoyed hot dogs, chips and beverages after the clinic at 11:30am. Thanks to Farmland Industries for donating the hot dogs.

We want to thank the following volunteers for manning the stations:

Ray Clayton
Mat Daniels Sr.
William Krause
Dennis Henrichs
Pete Parker
Marvin Ebeler
Ray North
Cecilia Daniels
Mat Daniels Jr.
Betty Clayton

Upon completing the stations each child received a certificate, rod/reel combo from Nebraska Walleye Association Kids Fishing Clinics Charity, Inc., and Handouts from the NG&P.

Then it was off to get bait and go fish. After the clinic the American Legion Post 2 Tecumseh and American Legion Post 23 Auburn held a fishing derby for the kids. Prizes were awarded for different categories and age groups. Everyone received a prize if they caught a fish.

I would like to thank American Legion Posts 2 –Tecumseh and 23 –Auburn for providing the chips, buns, condiments, beverages and cooking the hot dogs. You guys did a great job of setting everything up. Thanks also to Mat Daniels and Joe Reilly for doing the registration of the kids.

A big thank you to Bill Krause-Nebraska Game and Parks for doing the Water Safety Station.
